Total Supply: 5,000,000,000

Tax: 0/0

4. Technical Details

- Built on the Solana blockchain, CubeCrypt leverages NFTs for an efficient and accurate presale and profit distribution system. Different Founder NFT tiers correspond to varying base points, directly impacting revenue sharing.

5. Ecosystem and Innovations

- Features CubeCrypt.TV, an integral part of the financial ecosystem, providing unique content and insights. The NFT-linked revenue sharing model is a standout innovation, tying investment directly to financial benefits.

6. Roadmap

- Laid out in three phases: Phase 01 focuses on presale, launch, and listings. Phase 02 includes the launch of CubeCrypt.TV, community growth, and a major marketing push. Phase 03 is dedicated to continued platform integration, development, and growth.

Roadmap

Phase 01

- Presale
- Launch
- Listing on Major Exchanges
- Coingecko/Coinmarketcap Listings
- Promotion

Phase 02

- Launch of Station Platform
- Community Growth
- Huge Marketing Push
- Founders Program Enabled
- Partnership and Promotion

Phase 03

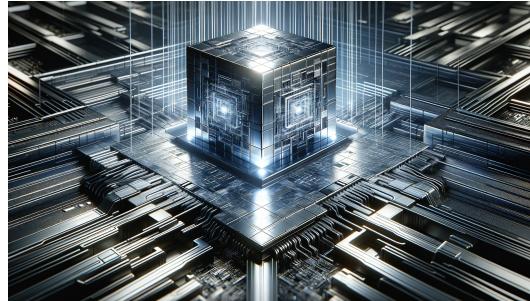

- Build and Expand
- More Platform Integration
- And continuous development and GROWTH

7. Team and Advisors

- Developed by a committed team, aiming to unite and entertain the community, supplemented by external contractors for specialized tasks.

8. Legal and Regulatory Compliance

- CubeCrypt adheres to all relevant regulations through its broadcasting and transmission systems, ensuring compliance in both broadcasting and financial operations.

9. Conclusion and Call to Action

- Encourages joining CubeCrypt's journey to redefine digital finance, highlighting its accessibility, equity, and rewarding nature.
